LISTING DESCRIPTION

Set on a quiet cul de sac, this modern farmhouse pairs an open great room with a chef's kitchen: a waterfall quartz island, walk in pantry, and marble slab backsplash. Vaulted white oak beams frame a wall of steel windows that look onto the yard, where a pool, spa and covered patio make the whole back of the house feel like one room. The primary suite opens to the patio and includes a soaking tub under a picture window and a walk in shower. A dedicated office behind glass doors sits off the entry, with three additional bedrooms upstairs. Owned solar, a three car garage and a fully landscaped lot complete it.
